Which doctors, hospitals, and pharmacies can I use?

Imperial Insurance Companies have a network of doctors, hospitals, pharmacies, and other providers

who are available to provide you with medical and supplemental benefit care. When you join our health plan, you must select a primary care physician (PCP). Your PCP will work with us to coordinate your medical and specialty care when you need to see other providers. If you use any provider that is not in our network, the plan may not pay for these services, except in emergency situations. You can view our directories on our website: www.imperialhealthplan.com.

How do I determine my Part D prescription drug costs?

The Part D drugs we cover are grouped into five and six different tiers, depending on the plan benefit package you enroll with. You will need a copy of our drug list or “formulary” to find out which tier your drug is on. The amount you pay depends on the drug’s tier, the number of day supplies, the benefit stage you have reached, whether you are using a network pharmacy, and the type of pharmacy you use (e.g., retail, mail order, long term care, home infusion, etc).

Where can I find more information?
