

IMPERIAL INSURANCE COMPANIES

Your Over-the-Counter Benefit

Imperial Insurance Companies (HMO) (HMO SNP) offers a quarterly over the counter (OTC) allowance to purchase medications and supplies. OTC items are those that do not require a prescription and would commonly be found on the shelf at your local pharmacy such as braces, bandages, ointments, pain relievers, and cotton balls. You can pick generic or brand-name items.

As an **Imperial Insurance Company Traditional (HMO) (003)** and **Imperial Insurance Value (HMO C-SNP) (005)** member, you are eligible to receive \$115 every 3 months and **Imperial Insurance Company Dual (HMO D-SNP) (004)** member, you are eligible to receive \$120 every 3 months for over the counter (OTC) drugs and supplies.

- Unused allowances **DO NOT** carry over from quarter to quarter.
- You can place **multiple orders per quarter** so long as you do not exceed your allowance.
- Cash, checks, credit cards or money orders are not accepted under this OTC benefit.

Items usually arrive within ten (10) business days from the date your order is received and verified. Items can be ordered up to two (2) months in advance. Orders placed in advance should arrive within the first ten (10) business days of the month.

Ways to place your order:

1. Visit shopping.drugsourceinc.com/imperial

Your web portal is available 24/7 and is the best way to see all available items (including new products).

You can place your order, track your shipments, and view your available benefit amount by logging in with your member ID number located on your **Imperial Member ID Card** and your date of birth.

About OTC Products

Dual-Purpose items

If a product can be used either to treat a medical condition *or* for a general health purpose, it is considered a ***dual-purpose*** item. For example, vitamins are considered dual-purpose items. **We recommend you talk to your doctor before ordering or using a dual-purpose product.** Do not order a dual-purpose product if your doctor doesn't recommend it.

On this order form, **dual-purpose products are marked with plus sign (+).**

Some items may be covered under Medicare Part B or Part D. For example, rolled gauze may be covered under Part B when used as prescribed for covering or dressing a surgical wound. **In the catalog, these items are marked with two plus signs (++)**. When an item is covered by Part B or Part D due to particular circumstances, you would not use your OTC benefit to obtain the item because it is Medicare-covered in those circumstances, and not part of the supplemental OTC benefit. (For instance, you should make sure that any OTC listed items are covered by Part B or Part D, then you would not use your OTC benefits.)

Items that are not eligible

Sample items not eligible under your OTC benefit include:

- Deodorants and antiperspirants
- Foods or meal replacement items
- Birth control medications and contraceptives
- Herbal supplements and alternative medications
- Lotions, facial creams and other cosmetic items
- Household items including hand soaps, razors, etc.
- Baby diapers, formulas, and other childcare products
